About Me

I am a fresh graduate focused on web development with experience in building frontend applications using Vue, React, Tailwind CSS, and Hono. I have skills in creating responsive and interactive interfaces and understanding modern design concepts to deliver optimal user experiences. Committed to continuous learning and growth in the web development field, I am ready to tackle new challenges and contribute to a dynamic team.

Skills

- VueJs
- React
- Nuxt
- Git
- Hono
- Flutter
